

SNEHA SEN FOR MML FACULTY REPRESENTATIVE

MY GOALS:

GIVE STUDENTS A VOICE

I want to represent the views of all students studying the MML or Linguistics tripos at Cambridge, in particular freshers this year, because students from every background deserve to have a voice – drop me an email at ss2407@cam.ac.uk anytime with suggestions

ABOUT ME

First year Linguistics student
at Downing College

Student voice rep and deputy
head girl at previous school

Committed to developing and
improving MML at Cambridge

BRING THE MML COMMUNITY TOGETHER

The study of languages is intrinsically linked to the study of linguistics and vice versa: I wish to bring the two subject areas closer together at Cambridge with seminars and social events, in order to allow broader and more insightful discussion of both areas

FIGHT THE DECLINE OF LANGUAGE STUDY

The last eight years have seen a dramatic decline in the study of languages at university level: I feel that it is our responsibility to combat this, by organising workshops and talks about languages and linguistics for school students across the country
